

**Free  
Paint**

## “Paint It Broward” Paint Recycling Program

**Paint Available In Four Colors:**  
Turquoise, Terra Cotta, Gray and Beige

### Free Paint for Residents

Recycled latex exterior paint is available at no charge to Broward County residents through the “Paint It Broward” paint recycling program. To receive your free paint, contact your city at the phone number on the back of this flyer and ask for the paint recycling program coordinator. If your city is not on the list, then it is not a Broward County paint recycling program participant.

Latex paint collected through the Household Hazardous Waste (HHW) Collection Program is transported to a paint manufacturer where it is recycled into high-quality exterior latex paint. There are currently four colors available. Due to variations in color, municipalities and residents are encouraged to take enough to suit their needs.

One-hundred percent of latex paint collected through the HHW Collection Program is recycled and distributed through the Paint It Broward program. Broward County recycles and distributes an average of 70,000 gallons of latex paint per year in an effort to improve neighborhoods and benefit the citizens of Broward County.

Recycled latex paint is for non-profit or residential use only. The product is not available for commercial entities, or re-sale.

# Free Exterior Paint

All of the latex paint collected through Broward County's Household Hazardous Waste Collection Program is recycled into new, high-quality exterior paint which is available to residents at no cost. The distribution of recycled paint is accomplished through a cooperative program where the County gives the paint to participating municipalities, which in turn dispense it to their residents.

**Please contact your city at the number below to receive your free paint:**
